

Mike Kuglitsch

STATE REPRESENTATIVE • 84TH ASSEMBLY DISTRICT

RE: MB Docket 15-149

August 25, 2015

Tom Wheeler, Chairman
Federal Communications Commission
445 12th Street SW
Washington, DC 20554

Dear Chairman Wheeler,

I am writing to you today on behalf of Time Warner Cable Inc., which is a video and broadband provider for Wisconsin's 84th Assembly District. As a citizen and Chairman of the Assembly Committee on Energy and Utilities, I believe that the merger between Charter Communications, Inc., Bright House Networks LLC, Time Warner Cable Inc., and Advance/Newhouse Partnership will bring tremendous social and economic benefits to the citizens of Wisconsin.

As we move further into the digital and cloud based world, citizens must have greater access to reliable internet for their personal and professional needs. This merger will allow for faster internet to be provided to Charter customers, at an affordable price. The company has committed to introduce advanced technology sooner than originally anticipated to allow for faster broadband speeds and more high-definition channels in homes across the country.

Additionally, Charter has committed to build-out one million line extensions in residential areas and plans to invest at least \$2.5 billion in the build-out of networks into commercial areas. These new networks will be outside of Charter's current market and allows for competitive prices for cable and internet services that were not previously available. With these extensions, local units of government, schools, businesses, and families will all have greater access to affordable and dependable internet.

Charter has also committed to bring Time Warner Cable call center jobs back to the United States. These new American jobs, along with the thousands of citizens Charter currently employs, will have a great impact on our local communities and will benefit families across the state.

For the reasons listed above, I believe it is in the best interest of my constituents and customers across the nation to approve this merger. I ask that you approve this measure and support the many social and economic benefits that will be created because of it.

Regards,

Mike Kuglitsch
State Representative
84th Assembly District
